

SWITCHING SYSTEMS

TWO OPERATING SYSTEMS

- The world works off a fear-based system
 1. Fear of failure
 2. Fear of rejection
 3. Fear of loss
- Jesus showed us a higher, different system - faith-based
 1. Jesus revealed God and God's Kingdom ways (***John 14:9b NKJV***)
 2. Jesus showed that faith was greater than fear (***Mark 5:36 NKJV***)
 3. What are we to believe to operate in God's faith-based system

JESUS TAUGHT ABOUT GOD'S SYSTEM IN THE STORM (***Mark 4:35-41 CSB***)

- Jesus - representing God's Kingdom
 1. He did not let the boat go down - to teach them a lesson
 2. He did not attribute the storm to a work of God
 3. He did question why His disciples were afraid
- There were reasons for faith
 1. They could have believed in the power of His words
 2. They could have believed that He cared about them

SWITCHING SYSTEMS FROM FEAR TO FAITH-BASED

- Choose to believe the power of God's word (***Hebrews 11:3 CSB***)
 1. God's word is on a higher plane
 2. The gospel, the good news, is communicated in words (***Romans 1:16-17 NKJV***)
- Choose to believe in God's care for you (***1 John 4:9-10 CSB***)
 1. God revealed His care by sending Jesus to be our sacrifice
 2. God loved us first
 3. God invites us to give Him our cares and worries (***1 Peter 5:6-7 CSB***)
- Stay connected to the powerful one who loves you the most
 1. The disciples were in the same boat as Jesus
 2. He is more than an add-on - this system is more than a formula
